These Ailments Weaken Your System. Your Body Then Needs the Help of Dr. King's New Discovery.

Colds are annoying. They interfere with our duties. In our weakened condition they may end in a spell of sickness or even more serious ailments. Fear, however, should be overcome, for in Dr. King's New Discovery you have an effective remedy.

No "Pork" This Season. WASHINGTON, Nov. 24.—"Pork" must be eliminated from the coming winter legislation. The administration is determined to do so.

## THE WINTER OF GREAT DISTRESS

Damp and cold weather is destined to cause much suffering among Rheumatics. Guard Against it.

Get ready for winter by realizing that Rheumatism is a blood disease and must be relieved through the blood. Throw away the liniments and ointments, cut out the pain killers and make your chances of relief on S. S. S. Some of the most renowned physicians that the world has ever known have been studying Rheumatism for fifty years in the laboratories of the Swift Specific Company in Atlanta, and if Rheumatism can be permanently relieved—and WE KNOW THAT IT CAN—they will tell you what to do for your trouble.

Robbing with liniments, blistering, the application of plasters, in fact, anything that will produce counter-irritation, is good for external treatment of Rheumatism, but these simple remedies do not reach the seat of the disease nor touch the real cause, and relief is therefore only temporary.

Rheumatism is due to Uric Acid and other irritant poisons in the blood, and as it circulates through the system, these acid poisons are deposited in the muscles, joints and nerves, and exposure to the night air, cold east winds, or any sudden change in the weather, will bring on an attack which may last for a few days or linger for months. Every battle with Rheumatism leaves the blood in poorer condition, while the corroding acids are gradually consuming the oils and fluids that lubricate the muscles and joints, thus they become stiff, sometimes absolutely rigid.

Rheumatism with its sharp cutting pains cannot be conquered until the acid blood is cleansed, purified, literally washed free of the poisoned substances which it contains, and nothing affords such prompt and lasting relief as S. S. S. The tonic effects of this vegetable remedy are wonderful. The blood is cleansed, purified and its early strength and vigor renewed, causing the health to rapidly improve and builds up the entire system. The sufferer is not only free from Rheumatic pains, but experiences once more the thrill and exquisite pleasure of perfect health.

Get rid of Rheumatism before cold weather makes it worse. Don't take substitutes for S. S. S. Write our Medical Department at once; they will advise you how to relieve Rheumatism quickly, thoroughly and make you well. S. S. S. sold at all drug stores. Don't accept substitutes—they are dangerous. Write the Swift Specific Company, Medical Department, Room 16, Atlanta, Ga.

## TRAIN CREWS MUST NOT SHOOT GEESE SAYS GAME WARDEN

OFFICIALS OF O-W. R. & N. ARE CALLED UPON TO STOP SUCH VIOLATIONS.

Birds Are Protected by Law East of the Junction of Hood River With the Columbia—Trainmen Near Arlington Indulge in Killing Despite Provisions of LAW.

State Game Warden Carl D. Shoemaker has declared war on the O-W. R. & N. train crews who have been making a practice of shooting geese in the near vicinity of Arlington, says the Portland Telegram.

This morning he directed a letter to the O-W. R. & N. officials apprising them of particulars in several cases of this sort, and asking their co-operation to see that the practice is stopped.

Last Thursday morning a special deputy warden, situated on a bluff overlooking the track one mile this side of Arlington saw a freight train stop. One of the men climbed down and killed three geese. The deputy was too far away to identify the shooter. Provisions have been made to have three or four special deputies stationed in this vicinity, where the track runs close to the Columbia river.

There is a section of the state game and fish code which absolutely prohibits the shooting of geese east of the junction of the Hood River with the Columbia within a distance of one-quarter mile of the high water mark.

"These trainmen, if they were allowed to continue the practice, would drive all the geese away from the Columbia river shore on the Oregon side," said Mr. Shoemaker.

## THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not sleep, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MAX BE ALL AMERICAN TACKLE.

LEATHER SPOON

Coach Bob Folwell, the former Pennsylvania star and now the football mentor at Washington and Jefferson is firmly convinced that Witherspoon, the left tackle on the W. & J. team, deserves a place on the All-American team.

Witherspoon has much to commend him for the place. He is 21 years old, five feet ten inches tall, weighs 185 pounds and plays football like a demon. This is his last year at W. & J. He never had a football suit on until he entered W. & J. and never tried for the team until two years ago. Next year he enters McCormick Theological Seminary. Football is now his whole life, however. Witherspoon is one of the best students in this class. He comes from Chambersburg, Pa., where he attended the high school but never did anything in athletics. He is strictly a "college find."

Listen to what Coach Folwell says of him:

"I consider Witherspoon the best all round tackle and most consistent I have ever seen play. He is brainy, aggressive and strong. He has never met his equal and has played against some of the best tackles in the country. There never was a finer man to work with and he has practically made himself in two years experience, from a raw man, as far as football was concerned, into a finished, aggressive, powerful and brilliant tackle. He never played football before coming to W. & J. and his rise is due entirely to his love of the game, willingness to learn and determination to make good at anything he tries."

"No man ever deserved All-American honors more than he."

## Amusements

What the press agents say about Pendleton's present and coming attractions.

### Successful Comedy Coming.

"Seven Keys to Baldpate," George M. Cohan's latest play, is in an entirely different vein from any of his previous efforts, and is strikingly original. A writer of dime novel fiction makes a wager with his friend, the owner of Baldpate, a summer resort perched on top of the mountains of Vermont, that he will shut himself in the empty hotel and in 24 hours write a story of 10,000 words. The bet is for \$50,000; well worth the adventure. He reaches his destination from New York, half frozen, in the midst of a raging blizzard. The caretakers have been wired by the owner to make him comfortable and his interview with them is unique, for they deem him crazy to undertake such a job, and their rustic New England simplicity is cleverly brought out. They tell him of a mountain hermit, named Peter, alleged to be a woman-hater, because his wife eloped with a traveling salesman. The ghost who inhabits the region is also described. They start a fire, arrange a room for his work and, departing, hand him the only key to Baldpate. This ends the prologue of the play, as he locks the door to keep out the warring elements raging without. During the night six others let themselves in with as many keys, each being the only key to Baldpate. The hermit, masquerading as a ghost, with white sheet overhead is among these. A millionaire's right hand man has entered and put \$200,000 in the office safe—money to pay a corrupt mayor for a street car franchise. There also arrives a newspaper woman reporter, who is to write up his doings. A charming widow in love with the mayor accompanies her, also a female blackmailer, the mayor, the president of the rotary road, and

finally the owner of Baldpate, to add to the interest. There are all kinds of hold-ups and pistol-pointing intrigues and counter moves during the night, including a murder and the arrest by the police of the whole outfit. The episode shows the real situation, when the caretakers return and the story is handed in with a few minutes to spare. The owner is 'phoned and the wager paid, and of course all the happenings are in the story. The play will be seen here Sunday night at the Oregon theatre.

### Has Faith in Quick Remedy for Catarrh

Tallman & Co. Guarantee That Hyomel Will Relieve The Worst Case of Catarrh in Pendleton. When one of the most reputable concerns in Pendleton guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that Tallman and Co. are selling Hyomel, the treatment that has helped so many cases of both acute and chronic catarrh in Pendleton and vicinity. Hyomel is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the oil of which you just breathe in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and, respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomel will do its work of healing. The complete Hyomel outfit is inexpensive and includes an inhaler dropper and sufficient Hyomel for several weeks treatment. Remember that if Hyomel does not relieve you Tallman & Co. will refund your money.
